PROFESSIONAL SUMMARY

Results-driven PHP & ASP.NET MVC Full Stack Developer with 2+ years of experience delivering scalable, enterprise-grade web applications. Expert in PHP (OOP/MVC), C#, ASP.NET MVC, RESTful API design, and MySQL optimization. Proven track record of translating complex business requirements into clean, high-performance solutions on time and on budget. A proactive collaborator who treats company goals as personal goals, consistently elevating team output and product quality.

CORE COMPETENCIES

- PHP & ASP.NET MVC Full Stack Development
- RESTful API Design, Integration and Documentation
- MySQL Performance Tuning, Schema Design and Stored Procedures
- Secure Authentication, Session Management and Role Based Access Control
- C# Object Oriented Programming and Clean Code Architecture
- Cross Browser Compatibility and Responsive UI Development
- Agile Collaboration, Requirement Gathering and On Time Delivery

TECHNICAL SKILLS

Backend: PHP (OOP, MVC), ASP.NET MVC, C#, ASP.NET Web Forms

Frontend: HTML5, CSS3, JavaScript (ES6+), Bootstrap, Responsive Web Design

Database: MySQL (Stored Procedures, Indexing, Query Optimization, Schema Design)

APIs & Architecture: RESTful API Design, MVC Pattern, OOP, CRUD Operations, SDLC

Tools & Platforms: Git, Visual Studio, VS Code, MS Office Suite, Windows, Linux

PROFESSIONAL EXPERIENCE

Web Developer | **Infoweavers Technologies Pvt Ltd** | 2018 - 2020

- Engineered dynamic web applications using PHP (OOP/MVC), ASP.NET MVC and C#, delivering business critical features on schedule with high performance and code quality.
- Designed and optimized MySQL schemas with stored procedures, indexing and complex joins; built and integrated RESTful APIs enabling seamless frontend to backend communication.
- Implemented secure user authentication and role based authorization using PHP and ASP.NET security standards ensuring cross browser compatibility across all major platforms.
- Collaborated closely with stakeholders to gather requirements, produce technical specifications and deliver scalable maintainable solutions fully aligned to business objectives.

KEY PROJECTS

Infoshoper E Commerce Platform | [PHP](#) | [ASP.NET MVC](#) | [C#](#) | [JavaScript](#) | [MySQL](#)

- Built a full stack e commerce platform with product management, cart and checkout workflows using PHP MVC and ASP.NET backend with optimized MySQL database operations.
- Implemented hashed credential authentication, session management and SQL injection prevention with optimized queries for high traffic product and order data handling.

College Management Web Portal | [ASP.NET MVC](#) | [C#](#) | [JavaScript](#) | [HTML5](#) | [MySQL](#)

- Architected a role based college portal for students, faculty and admin using ASP.NET MVC with full CRUD modules for academic records and course scheduling.
- Optimized MySQL indexing and query performance and maintained a clean modular C# codebase following industry standards for long term scalability and maintainability.

EDUCATION

B.Tech, Computer Science & Engineering | **Cochin University of Science and Technology** | 2014 - 2018

KVM College of Engineering & Information Technology, Kerala, India
